"The book is very easy to read and the explanations are very clear, with some good humour to boot! With a good set of references and online links, this book is a must for anyone interested in property investment." - P Cowley "A property investment book that keeps it simple. I really enjoyed it, and will use it as my main point of reference. Unlike most of the other books, the reader doesn't have to endure the rags to riches rubbish and the inevitable sales pitch for further training." - Nesser "I stumbled across this book randomly on Amazon and I'm so pleased I did - it has given me an excellent overview of what it is to invest in property and has really helped me to focus on my specific goals. It has also opened my eyes to a world of useful tools and contacts which I may never have found without it. Other books may have been able to do this but I'm not sure they would've been so enjoyable to read. If you are thinking of investing in property, or perhaps already are but want to take it further, this is a must read book." - whatkatythinks "When you buy this book, you are not only getting a property wizard, you are also getting a warm-hearted guy. In his book, Rob mentions several times that you can contact him via email and he'll try to help you out. And HE DID! I tentatively emailed him with some questions and he replied right away!

Of course, I know he's probably not able to do this for everybody, but even if he just replied to one question, he has proven that he's genuine and kind. And what he replied me with is thoughtful, honest and probably saved me a fortune in the end. Totally worth every penny. Live where you want, and invest anywhere it makes sense. "It is a common misperception in real estate investing that you should buy only where you live. David Greene has put that myth to rest... This is a must-read for investors who want to expand their real estate empire nationwide." --David Osborn, bestselling author of Wealth Can't Wait Are you interested in real estate investing, but you live in a hot market that is not suited for buy and hold investing? Do you want to take advantage of wealth-building opportunities, but that seems impossible until the next market crash? Real estate investing is one of the greatest vehicles to build wealth, but it doesn't make sense in every market. Some locations provide incredible returns, while others make it almost impossible to find a single property that profits. Traditionally, investing out of state has been considered risky and unwise. But the rules, technology, and markets have changed: No longer are you forced to invest only in your backyard! In his book, real estate investor and police officer David Greene shows you exactly how he's built a multi-million dollar portfolio through buying, managing, and flipping out-of-state properties, often without ever even seeing the properties in person. David shares every tip, trick, and system he has put in place for over twenty rental properties, so you can avoid making mistakes and shorten your learning curve immensely! What's inside: How to assemble an all-star team to handle each aspect of a deal from A-Z. How to find great deals in any state, regardless of where you live. How to rehab a project from thousands of miles away without worry or complication. How to speak the language of the agents, contractors, lenders, and property managers you will use. How to quickly and easily know which neighborhoods to buy, and which to pass in. How to choose the best materials for your rehab projects and pay the least amount of money. ...And more! Don't let your location dictate your financial freedom. Get the inside scoop to invest--and succeed--anywhere!

What does it take to be successful in property investment? How can you start with nothing but a very ordinary level of savings, and amass a portfolio that means you'll never need to work for anyone else again? Beyond the Bricks is a window into the lives of 9 UK-based investors who've done exactly that. Through long-form interviews with them we learn exactly how they did it, what their lives are like now, and what they recommend to anyone just starting out. Of course, "success" is a relative term. During the book you'll meet people ranging from Mark, who amassed a portfolio worth millions, to Serena, whose few houses saved her family from financial ruin. And along the way you'll meet Kim, who was unstoppable prior to the credit crunch, nearly lost everything, and found an innovative way to stay afloat. The day-to-day life of a property investor isn't necessarily what you'd expect either. Fast cars and exotic holidays are represented... but so too are sprinting in pursuit of rent cheques, pottering around in a dressing gown all day, and helping a tenant with cancer by driving her to hospital appointments. This book is less of a "how to" than a "how you could". It won't give you one formula for success, but many practical ideas and inspiring examples that you can use to craft your own property investment story. With all jargon clearly explained, this book will be an educational and entertaining read for those who are yet to get started, as well as a rich source of new ideas for more experienced investors. Praise for "Beyond The Bricks" "Put this on your list of property must-reads" - Property Tribes, Book of the Month "A compelling read" - Property118.com "These stories will entertain and inspire you all the way through to the end" - Your Property Network magazine
