

material properties and limitations of optical technology in the early 17th century, based on a recently discovered Dutch spyglass. It also demonstrates how diagrams were instrumental in the discovery of the sine law of refraction. In addition, the book includes an in-depth analysis of previously untranslated Latin sources. This makes the material useful to historians of optics unfamiliar with the language. More than 70 illustrations complement the text.

Bilingual children's book (age 2 and up) Tim can't fall asleep. His little wolf is missing! Perhaps he forgot him outside? Miss Reindeer

The Hourglass

Months have passed since Calie Liddle returned from the terror that is Wonderland, months since that world took so much from her. Now jaded and bitter, Calie has moved far away from her

hometown, attempting to lead a more normal existence in the city that never sleeps. With a different name and a new identity, Calie is just beginning to adjust to another life. But not every story has a happy ending as she soon realizes that things in her new life are not going to stay normal for very long. Something from Wonderland has found its way out and Calie knows that she could very well be the only one who has a chance to send it back to where it belongs! The trade paperback of the much anticipated sequel to the smash hit series Return to Wonderland is here. And this time around madness will reach well Beyond Wonderland!

Miss Reindeer is the only Reindeer in the whole world, graduated in Magic Gifts. One December morning Santa Claus calls her, surprisingly! He has a Christmas cough and is unable to deliver his Christmas gifts. What can they do? Santa has a fantastic idea... Find out who Clumsy Claus is, what does Miss Reindeer think about him, how he copes with presents, and what will Mister Rabbit, Miss Hen, Mr. Pigeon and the whole group of Best Friends receive from him. Miss Reindeer is the first volume of the Best Friends Books series. Available in English, French, Italian, Spanish, German and Portuguese. Suitable for children aged 4 and over.

Soon to be a major television event from Pascal Pictures, starring Tom Holland. Based on the true story of a forgotten hero, the USA Today and #1 Amazon Charts bestseller Beneath a Scarlet Sky is the triumphant, epic tale of one young man's incredible courage and resilience during one of history's darkest hours. Pino Lella wants nothing to do with the war or the Nazis. He's a normal Italian teenager--obsessed with music, food, and girls--but his days of innocence are numbered. When his family home in Milan is destroyed by Allied bombs, Pino joins an underground railroad helping Jews escape over the Alps, and falls for Anna, a beautiful widow six years his senior. In an attempt to protect him, Pino's parents force him to enlist as a German soldier--a move they think will keep him out of combat. But after Pino is injured, he is recruited at the tender age of eighteen to become the personal driver for Adolf Hitler's left hand in Italy, General Hans Leyers, one of the Third Reich's most mysterious and powerful commanders. Now, with the opportunity to spy for the Allies inside the German High Command, Pino endures the horrors of the war and the Nazi occupation by fighting in secret, his courage bolstered by his love for Anna and for the life he dreams they will one day share. Fans of All the Light We Cannot See, The Nightingale, and Unbroken will enjoy this riveting saga of history, suspense, and love.

International Books in Print

Caleb Zelic Series: Volume Two

Part of the bestselling saga about childhood friends following different paths by "one of the great novelists of our time" (New York Times). In the third book in the New York Times–bestselling Neapolitan quartet that inspired the HBO series *Brilliant Friend*, Elena and Lila have grown into womanhood. Lila married at sixteen and has a young son; she has left her husband and the comforts her marriage brought and now works as a common laborer. Elena has left the neighborhood, earned her college degree, and published a successful novel, all of which has opened the doors to a world of learned interlocutors and richly furnished salons. Both women are pushing against the walls of a prison that would have seen them living a life of misery, ignorance, and submission. They are afloat on the great sea of opportunities that opened up for them during the 1970s. And yet, they are still very much bound to each other in a book that "shows off Ferrante's strong storytelling ability and will leave readers eager for the final volume of the series" (Library Journal). "One of modern fiction's richest portraits of a friendship." —NPR

The one thing known is that her time spent in a world full of insanity left her a broken adult. However, her courage to survive is what ultimately saved humanity. Now the story of Alice's visit into Wonderland is fully revealed and the truth of the terror will be told in full! From the minds behind *Grimm Fairy Tales* and *Return To Wonderland*, follow Zenescope down the rabbit hole and re-discover a world of madness like you've never seen before!

The tale of the mystical *Witchblade* continues. Sara Pezzini recovers from her vicious attack last issue. She contemplates the mysteries behind the *Witchblade* which has attached itself to her. By writers David Wohl and Christina Z, and supervising artist Michael Turner.

Witchcraft, Demonology and Magic

Yvan Goll (1891-1950), a poet of many talents and many languages, his journal Surrealism (1924) was the first to feature surrealist work much to the chagrin of Andre Breton. A Jewish intellectual living in NYC during World War II, much of his French language poetry, including "Landless John," was translated into English by various hands including William Carlos Williams, W.S. Merwin and Galway Kinnell. He was the first to translate Aime Cesaire's "Notebook" into English. Near his death, he wrote a large number of love poems addressed to his wife Claire. Some were published as "Dream Weed / Traumkraut," Goll's work best known to English readers, others are to be found in "Neila," a work of restless paranoia and gripping intensity, translated here into English for the first time."

Universities were driving forces of change in late Renaissance Italy. The Gonzaga, the ruling family of Mantua, had long supported scholarship and dreamed of founding an institution of higher learning within the city. In the early seventeenth century they joined forces with the Jesuits, a powerful intellectual and religious force, to found one of the most innovative universities of the time. Paul F. Grendler provides the first book in any language about the Peaceful University of Mantua,

its official name. He traces the efforts of Duke Ferdinando Gonzaga, a prince savant who debated Galileo, as he made his family's dream a reality. Ferdinando negotiated with the Jesuits, recruited professors, and financed the school. Grendler examines the motivations of the Gonzaga and the Jesuits in the establishment of a joint civic and Jesuit university. The University of Mantua lasted only six years, lost during the brutal sack of the city by German troops in 1630. Despite its short life, the university offered original scholarship and teaching. It had the first professorship of chemistry more than 100 years before any other Italian university. The leading professor of medicine identified the symptoms of angina pectoris 140 years before an English scholar named the disease. The star law professor advanced new legal theories while secretly spying for James I of England. The Jesuits taught humanities, philosophy, and theology in ways both similar to and different from lay professors. A superlative study of education, politics, and culture in seventeenth-century Italy, this book reconsiders a period in Italy's history often characterized as one of feckless rulers and stagnant learning. Thanks to extensive archival research and a thorough examination of the published works of the university's professors, Grendler's history tells a new story. -- Kathleen Comerford, Georgia Southern University

The pulsating follow-up to the acclaimed Resurrection Bay, which launched Emma Viskic's Caleb Zelic series--perfect for fans of Jane Harper Caleb Zelic can't hear you. But he can see everything. Caleb Zelic used to meet life head-on. Now he's struggling just to get through the day. His best mate is dead, his ex-wife, Kat, is avoiding him, and nightmares haunt his waking hours. But when a young woman is killed after pleading for his help in sign language, Caleb is determined to find out who she was. And the trail leads straight to his hometown, Resurrection Bay. The town is on bushfire alert and simmering with racial tensions. As he delves deeper, Caleb uncovers secrets that could threaten his life and any chance of reuniting with Kat. Driven by his demons, he pushes on. But who is he willing to sacrifice along the way?

Campaign is an award-winning course in English for the military. This workbook consolidates key language areas. It includes an audio CD that provides 80 hours of listening material for self study.

Witchcraft and magic are topics of enduring interest for many reasons. The main one lies in their extraordinary interdisciplinarity: anthropologists, folklorists, historians, and more have contributed to build a body of work of extreme variety and consistence. Of course, this also means that the subjects themselves are not easy to assess. In a very general way, we can define witchcraft as a supernatural means to cause harm, death, or misfortune, while magic also belongs to the field of supernatural, or at least esoteric knowledge, but can be used to less dangerous effects (e.g., divination and astrology). In Western civilization, however, the witch hunt has set a very peculiar perspective in which diabolical witchcraft, the invention of the Sabbat, the persecution of many thousands of (mostly) female and (sometimes) male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft. This Special Issue of Religions dedicated to Witchcraft, Demonology, and Magic features nine articles that deal with four different regions of Europe (England, Germany, Hungary, and Italy) between Late Medieval and Modern times in different contexts and social milieus. Far from pretending to offer a complete picture, they focus on some topics that are central to the research in those fields and fit well in the current “cumulative concept of Western witchcraft” that rules out all mono-causality theories, investigating a plurality of causes.

Meanwhile

National Union Catalog

In Socialism of Fools, Michele Battini focuses on the critical moment during the Enlightenment in which anti-Jewish stereotypes morphed into a sophisticated, modern social anti-Semitism. He recovers the potent anti-Jewish, anticapitalist propaganda that cemented the idea of a Jewish conspiracy in the European mind and connects it to the atrocities that characterized the Jewish experience in the nineteenth and twentieth centuries. Beginning in the eighteenth century, counter-Enlightenment intellectuals and intransigent Catholic writers singled out Jews for conspiring to exploit self-sustaining markets and the liberal state. These ideas spread among socialist and labor movements in the nineteenth century and intensified during the Long Depression of the 1870s. Anti-Jewish anticapitalism then migrated to the Habsburg Empire with the Christian Social Party; to Germany with the Anti-Semitic Leagues; to France with the nationalist movements; and to Italy, where Revolutionary Syndicalists made anti-Jewish anticapitalism the basis of an alliance with the nationalists. Exemplified best in the Protocols of the Elders of Zion, the infamous document that "leaked" Jewish plans to conquer the world, the Jewish-conspiracy myth inverts reality and creates a perverse relationship to historical and

judicial truth. Isolating the intellectual roots of this phenomenon and its contemporary resonances, Battini shows us why, so many decades after the Holocaust, Jewish people continue to be a powerful political target.
