Too many cooks, not enough money, an abundance of passion. It's enough to make you

feel overwhelmed and alone. The people you help need you to be successful. But there are so many obstacles: a micromanaging board that doesn't understand its true role; insufficient fundraising and donors who make unreasonable demands; unclear and inconsistent messaging and marketing; a leader who's a star in her sector but a difficult boss... And yet, many nonprofits do thrive. Joan Garry's Guide to Nonprofit Leadership will show you how to do just that. Buy, read, and learn from this terrific book!" —Clara Miller, president and CEO, Nonprofit Finance Fund Nonprofit Strategic Planning is the book you

need if you serve on the board or hold a management position in a nonprofit. Okay, we know-you'd love to do strategic planning but who has the time? You're running a nonprofit, working lean and mean. You're overworked and understaffed. You're busy serving your mission. Your clients come first. Your board doesn't want to get bogged down in meeting after meeting to plan for the future. We need to deal with today! What, you say you wouldn't love to do strategic planning? You've been there, done that, and have the battle scars to prove it. You have a dandy plan that is somewhere in your office-let's see now, where was that plan again? Oh darn, those pesky funders are asking to see our plan. Well, I guess if we have to do it, let's get it over as quickly and painlessly as possible. Oh wait, those clients that come first-have I really thought about their future? And those board members that don't want to take time to plan-do they really understand our mission and vision? And those staff people who are so overworked-could we make their job easier and their work time more productive? Hmm, maybe this planning idea isn't so bad after all. But-how can I do it while balancing all my other work? We've been there and done this ourselves. This is why we, the authors, wrote the book-to let you know you can do it, too. You can develop a plan that works. You can get people in your organization not only willing, but enthused, about writing the plan, and

you can implement the plan to bring about change in your organization. In this book the authors cover: Chapter One: Why Strategic Planning? Chapter Two: Planning to Plan Chapter Three: Who Will Participate? Chapter Four: Close Encounters with Assessments, Scans, and Audits Chapter Five: The Planning Retreat Chapter Six: Values, Mission, and Vision Chapter Seven: Goals and Objectives Chapter Eight: Strategies and Tactics (Action Steps) Chapter Nine: Timelines, Budgets, and Areas of Responsibility Chapter Ten: Financing the Plan Chapter Eleven: The Product Chapter Twelve: Ensuring Board Buy-In Chapter Thirteen: Implementing the Plan Chapter Fourteen: Monitoring and Evaluating the Plan Chapter Fifteen: Planning for the Next Plan Appendix A: Sample Plan Appendix B: Planning Tools Appendix C: Sample Benchmarking Appendix D: Templates About the In the Trenches Series You'll know an In the Trenches book not just by its cover but also by the author's fun, upbeat writing style. Implementing and Sustaining Your Strategic Plan

In an environment of increased competition, funding cuts, and other pressures, strategic planning is a sound management tool for nonprofits. This workbook provides a guide for developing, implementing, and updating a strategic plan. Sample plan and blank worksheets are included.

Strategic Planning is woefully out of fashion, with many bloggers and thought-leaders claiming it is, in fact, dead. They couldn't be more wrong! Strategic Planning is an integral part of any nonprofit's ability to conduct effective social change. It allows the organization's staff, management, volunteers and board to identify and focus on the top priorities that the stakeholders agree will matter most to accomplishing their mission. Without a strategy, and the execution that follows - nonprofits are awash in mission creep, money chasing, and burned out and demoralized staff. Ain't nobody wants that. This book will walk you through the process of Strategic Planning invented by Sarai Johnson of Lean Nonprofit. Her practice is based on recent innovations in the business sector, building on the concepts of Lean Canvas and the Business Model Canvas. Adapting this strategic, action-based tool for nonprofits provides you, the nonprofit practitioner, with step-by-step instructions

for leading a group of people through the planning process. Oh, did we mention it is a ONE DAY PROCESS? Yeah, it's cool. We know.

Trying to do good deeds does not guarantee that a nonprofit organization will succeed. The organization must do good deeds well. This textbook offers a blueprint for nonprofit success, adopting a strategic perspective that assumes vision, mission, strategy, and execution as the pillars upon which success is built. While many experts on nonprofits argue that fundraising is the single key to success, William B. Werther Jr., and Evan M. Berman show that effective fundraising depends largely on how the nonprofit is positioned and how it performs. They address such issues as leadership and board development, strategic planning, staffing, fundraising, partnering, productivity improvement, and accountability. Emphasizing the context of nonprofits and detailing improvements that can be made by managers at all levels, the book strikes a balance between policy discussion and practical usefulness. Written for use in graduate courses in nonprofit management, *Third Sector Management* will also be invaluable to directors, staff, volunteers, and board members of nonprofit organizations.
