In late 1939, the famous Letter series of Farmall tractors was introduced. The model name letters were A, B, BN, C (which replaced the B and BN in 1948), H, M, and MD (M diesel). IH commissioned an industrial designer, Raymond Loewy, to give the new Farmall general-purpose tractors a sleek new streamlined look.

First off, the original parts catalog is priceless. It's an irreplaceable technical resource, but for cases like yours, occasionally it's helpful in that it'll give two different options for parts and it'll give the serial number cutoff when the change occurred. Secondly, another great resource is Guy Fay's Farmall Letter Series Originality Guide.
