

## History Research Paper Topics

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

Historical Research A Guide/Outline

A compilation of quotations and proverbs from the most enlightened, intelligent, and forward thinkers in human history regarding the most important aspects of life. Compiled and arranged to give the reader a clear direction in their life based on their internal needs, wants, and desires. While no one on Earth is special, everyone is unique. Nobody past, present, or future has gone through or has had the same thoughts and experiences as you, nor will they in the future. As a result, you see the world in a completely unique way. Studying these volumes will guide your mind's eye in distinguishing the most significant passages to you and your being as well as reaffirming or contradicting what you already know and believe, by the growth people throughout history. Out of the thousands of quotes and proverbs within these volumes, your personality will subconsciously pick out the most relevant quotes and proverbs to you and you alone. It would be a mistake to concentrate on only one topic because all the subjects are connected to aid you in reaching your own epiphany. Many of the most profound quotes and proverbs are recorded under various topics throughout the book. Though you may only be interested in "Success & Failure," many of the quotes and proverbs attributed to success can also be found under "Leadership," "Attitude," or even "Life, Purpose, & Growth," for example. The aim of this huge collection of human wisdom is enlightenment: to assist the readers in realizing what is truly important in life, as well as to find their true self; to shatter the illusions that everyone builds for themselves through false assumptions and stereotypes; to find their true inner being; to find purpose; and, most importantly, to discover what makes them and them alone happy. To receive the full benefit of these volumes and to fully immerse yourself in self-discovery, you must commit to studying the entire collection. If you only want to scratch the surface of what is important in life, then limit yourself to a single volume. But if you want to master your true purpose, then study all four volumes.

Zen and the Art of Local History is an engaging, interactive conversation that conveys the exciting nature of local history. Divided into six major themes the book covers the scope and breadth of local history:
• Being a Local Historian
• Topics and Sources
• Staying Relevant
• Getting it Right
• Writing History
• History Organizations
Each chapter features one of Carol Kammen's memorable editorials from History News. Her editorial is a "call." Each is followed by a response from one of more than five dozen prominent players in state and local history. These Responses are written by highly professional historians across the kalidoscopic spectrum of local history. Among this group are Katherine Kane, Robert "Bob" Richmond, Charlie Bryan, and Cinnamon Catlin-Legutko. The result is a series of dialogues on important topics in the field of local history. This interactivity of these conversations makes Zen and the Art of Local History a unique offering in the public history field.

A guide to writing about the fiction of Charles Dickens offers instructions for composing different types of essays and contains literary criticism, analysis, and suggested essay topics.

Learn to craft the perfect historical research paper with this approachable and practical guide
Essaying the Past: How to Read, Write, and Think about History, 4th Edition continues the tradition of excellence established by the previous editions. Equal parts research manual, study guide, and introduction to the study of history, this book teaches readers how to write excellent historical prose with approachable strategies and actionable tips. Noted teacher and writer Jim Cullen has created an invaluable resource for novices and experts in the field of historical questions should be framed, developing strong introduction and topic sentences, choosing evidence, and properly revising your work.
Essaying the Past includes six appendices covering the major issues facing students today, including the pitfalls and temptations of plagiarism and the role of the internet. It also contains an annotated case study outlining one student's process of writing an essay and demonstrating the application of the concepts contained within the book.
Essaying the Past covers topics including: How to think and read about history and ask components of crafting a compelling argument
How to deal with counterarguments and counterevidence
How to properly construct a bibliography and insert footnotes
How to assess the credibility of online resources
Perfect for students taking surveys or courses in methods or historiography,
Essaying the Past also belongs on the bookshelf of anyone with even a passing interest in studying, researching, consuming, or writing about history.

Essaying the Past

***Big History is a new field on a grand scale: it tells the story of the universe over time through a diverse range of disciplines that spans cosmology, physics, chemistry, astronomy, geology, evolutionary biology, anthropology, and archaeology, thereby reconciling traditional human history with environmental geography and natural history. Weaving the myriad threads of evidence-based human knowledge into a master narrative that stretches from the beginning of the universe to the present, the Big History framework helps students make sense of their studies in all disciplines by illuminating the structures that underlie the universe and the connections among them. Teaching Big History is a powerful analytic and pedagogical resource, and serves as a comprehensive guide for teaching Big History, as well for sharing ideas about the subject and planning a curriculum around it. Readers are also given helpful advice about the administrative and organizational challenges of instituting a general education program constructed around Big History. The book includes teaching materials, examples, and detailed sample exercises. This book is also an engaging first-hand account of how a group of professors built an entire Big History general education curriculum for first-year students, demonstrating how this thoughtful integration of disciplines exemplifies liberal education at its best and illustrating how teaching and learning this incredible story can be transformative for professors and students alike.***

***John Sutter, who left Switzerland to escape debtor's prison, came to California and built a giant land monopoly. Again, he became heavily in debt and died destitute. The entire Sacramento and San Joaquin valleys were inundated for 300 miles long and 20 miles wide by the flood of 1862. The cholera epidemic killed more than 1,000 citizens, including doctors and others who were caring for the patients. The Old City Cemetery is an exciting place. As docents are quick to remind, "People are dying to get in here." The docents know their job. It's almost as though they are trying to bring the city's cemeteries back to life. We love the epitaph on one headstone that simply reads: "See ya later."***

***Primary History Kingdom of Benin (Not to be confused with former Dahomey) has been written to support teachers to meet the requirements of the new National Curriculum Framework for history at Key Stage 2: a non-European society that provides contrasts with British history. It covers all historical aspects of the great kingdom which was at its height between the 14th and 16 centuries. This book is divided into three sections. The first section covers study of palace life; the second section covers growing up experiences of the kingdom's children and of ordinary people. The third section provides numerous and varied historical enquiries activities to improve pupils' knowledge and understanding of historical facts of the great kingdom and help to develop their enquiries skills. This section includes comparison of medieval British and Benin kings. This book incorporates historical sources including African oral traditions of storytelling, wood and terracotta sculptures and reading and analysis of the Benin bronze plaques through which the kings and elders of the kingdom chose to record their history. To keep up with technological advancement and opportunities, a dedicated website has been set up to provide further activities and up to date knowledge and information on the kingdom. A virtual classroom has also been created through which the author can clarify and provide additional support to teachers and pupils as necessary. Details of these websites are below. There are many more resources on the website including videos and photographs with cross curricular activities including ideas for developing writing and word work through drama and role play. This method of learning makes this unit an exciting topic for pupils to study. The kingdom, founded around 40Bc was at its height between the 14th and 16th century when it conquered neighbouring countries on the West African Coast and traded far afield with Europeans and traders from the East. It was sacked by the British in 1897 though the crown was restored in 1914, the king's authority and influence was highly diminished. However, the people's traditions and customs continue to this day. Fidelia Nimmons has a track record of achieving outstanding results with a variety of learners and has written many teaching and learning support books to this aim. ***The Misses Institute is thrilled to bring back this popular guide to ridiculous economic policy from the ancient world to modern times. This outstanding history illustrates the utter futility of fighting the market process through legislation. It always uses despotic measures to yield socially catastrophic results. It covers the ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French***

***Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion spelling out the theory of wage and price controls. This book is a treasure, and super entertaining!***

***This book is intended to provide a comprehensive understanding of the essential clinical trial elements in a concise fashion. It is intended to serve as a quick reference guide to all the personnel involved in the conduct of clinical trials as well as to those who plan to enter this field. Spanning over 167 pages the book provides a thorough compilation on, 1. Fundamentals of Clinical Research 2. Glossary of Clinical Trials Terminology (1052 frequently used terminologies of clinical research) 3. Abbreviations (224 frequently used terminologies of clinical research) 4. Clinical Trial Stakeholders 5. Clinical Study Process 6. Location of Essential Documents Before, During and After Completion of a Clinical Trial 7. Critical Milestones of a Clinical Trial Project 8. Overview of Regulatory Environment in USA, Australia, Europe, UK and India Being the first and only book on this important topic it has fulfilled the unmet need and is of great benefit to all the personnel involved in clinical research.***

***Mr. Soberon has provided us with a fascinating chronological review of the history of money in all its forms from several hundred years BCE through the present day. From gold and silver to paper money and beyond, from Dictators to Democrats and Republicans, he chronicles the evolution of the various mediums of exchange and the power and influence held and wielded by those who possessed them in great amounts. This book is certain to hold the interest of both the high school student and the seasoned banker. It is required reading for anyone interested in economics, business, investing or simply world history. Clearly written and unbiased, Mr. Soberon's narrative appears at a crucial juncture in world affairs."***

***THE Translation of this venerable Piece of Antiquity is undertook upon a double Score; being designed as well to entertain the Curiosity of the Learned, as to supply the Defects of the Ignorant. If the original Language would have been more acceptable to the one, it would have been less intelligible to the other. I cannot, without uttering a Falsity, venture to affirm that so singular and valuable a Piece will be made Public, at least as yet: And in the mean Time I shall flatter myself, that this little Essay may contribute in some sort or other to the satisfaction of the Curiosity of every Condition of Life. If this is well received, the other Parts will make their Appearance at proper Distances of Time. I publish no more at present, because I would not be thought to impose too much upon any one's Patience, as for losing my own Labour, I am under no bad Apprehensions about that; for the Reader cannot reject with a greater Disdain, than I have translated with Pleasure, the Contents of this Book.***

Appropriate for undergraduate history students researching and writing dissertations, and postgraduate research students. This is the first practical guide to cover the various stages of a history research project, from the selection of the topic and the organization and interpretation of source material, through to the completion of the written-up record.

Kelowna, BC is sometimes referred to as the "Palm Springs" of Canada, and the Okanagan Valley is often referred to as the "Napa Valley of the North." If you have ever wondered what it would actually be like to live in Kelowna, or anywhere in the Okanagan for that matter, then this book is your gateway to that reality. Moving To Kelowna is not a tourist guide, although certain portions could certainly be considered as such. Relocating to a new city can sometimes be a traumatic experience, and your transition to Kelowna can be made with confidence. We do this by providing facts, and a few experienced opinions, about why so many people want to live here. Being armed with no-nonsense, well-researched information will make any newcomer's transition a more stress-free, fun and enjoyable one. Cities everywhere have their pros and cons, however it is rare to have the cons exposed in order to fully enlighten potential newcomers. We include not only the benefits of moving to Kelowna, but also the challenges of living in Kelowna. We do this by providing facts, and a few experienced opinions, about why so many people want to live here.
