Science Faith And Society Eighteenth SeriesRiddell ...

The history of science during the Age of Enlightenment traces developments in science and technology during the Age of Reason, when Enlightenment ideas and ideals were being disseminated across Europe and North America. Generally, the period spans from the final days of the 16th and 17th-century Scientific Revolution until roughly the 19th century, after the French Revolution and the Napoleonic era. The scientific revolution saw the creation of the first scientific societies, the rise of Coperni
